Example:

Hello, my name is Nicholas St Jon, I live in Wichita, Kansas.

I wanted to carry my Glock 26 and bought a very nice middle of the back holster, but after wrestling with it for a few months, learned to hate it so I quit carrying.

Now that I have the Holster In A Bottle, it was so easy and comfortable, that I now carry concealed again about 80%+ of the time.

I highly recommend everyone who wants to carry a concealed semi-automatic get this Holster In A Bottle and experience for themselves how easy and comfortable it truly is.
